Q AND A about the Interdepartmental Agreement

### **EXTERIOR SPS CAMERAS ON SPS BUILDINGS**

A: Any time

Q: Who can access live or recently recorded images of SPS exterior security cameras?

- 1. the current members of the civilian SPD Real Time Crime Analysis staff

and only during the hours that the civilian Real Time Crime video department is staffed.

## Q: For what purpose?

A: When access to live or recently recorded images of SPS exterior security cameras is needed for a bona fide law enforcement purpose, police investigative or criminal investigative purpose

**Q:** What is a bona fide law enforcement purpose?

A: A bona fide law enforcement purpose includes but is not limited to: school security issues, investigations related to assaults, car accidents, robbery, homicide, missing child, etc.

**Q:** What does it mean where the Agreement says access can be by "SPS officers and supervisors responding to or in good faith investigating an incident depicted on such images and SPD officers, supervisors and personnel designated by the Police Commissioner/Superintendent."

A: SPS officers and supervisors responding to or in good faith investigating an incident depicted on such images, and SPD officers, supervisors and personnel designated by the Police Commissioner would have to request that the SPD Real Time Crime Analysis staff and the SPD Video Analyst access the video because only the SPD Real Time Crime Analysis staff and the one civilian SPD Video Analyst have password access to real time video. Any officer investigating a real time incident would have to seek approval from the Commissioner/Superintendent or a police

supervisor in order to allow the civilian Real Time Crime Analysis staff or civilian Video Analyst access to the SPS video feed. Such approval will be documented.

**Q:** Can SPD keep a copy of the video feed?

A: No. The real time video equipment does not have the capacity to record video feed. It is only for real time viewing, that is, viewing in the moment. Only the SPS cameras save video for a period of about 3 weeks. Any SPD request for past video must be made to the Safety and Security Office at Springfield Public Schools.

SPD by policy does not save or copy video of any type from school cameras.
